

Welcome to Alumni and Family Camp! Even in late spring and early fall, temperatures at night can reach into the low 40's. All clothing and other personal items should be clearly marked with the participant's name. Please be aware that clothes worn outside may get quite dirty. It is recommended to bring a paper copy of your packed items, to ensure that everything that comes, heads home as well. Miniwanca is not responsible for lost or stolen items.

Temperatures at camp vary from 40°F to 90°F. Rain gear will help keep the camper dry, and a wool sweater or fleece will keep the camper warm even in wet conditions. We recommend dressing in layers and having an exterior warm layer and an exterior waterproof layer.
