

Miniwanca Packing List

Volunteer Weekend

Volunteer Weekend will take place outside, regardless of the weather. Participants should come prepared for rain, snow, and cold temperatures. Even in late spring, temperatures at night can reach the 30s and 40s. We recommend dressing in layers, including a wool sweater or fleece and an exterior waterproof layer. Boots or sturdy shoes are necessary for tasks like raking leaves and cleaning cabins. Volunteers must also provide their own bedding and towels for the weekend.
